## BOOK SYNOPSIS

What are the needs of my client? Which technique should I apply based on the injury/condition? How effective is this technique? Master the art and science of taping, wrapping, bracing, and padding techniques for the prevention, treatment, and rehabilitation of common athletic injuries and conditions. Step by step, the author details multiple methods for each injury/condition—not just the most popular approach You'll learn which technique to use and how to analyze the effectiveness of the technique. Full-color photographs give you a clear understanding of each step. Insightful discussions develop the critical-thinking skills you need to meet the needs of the client
