BOOK SYNOPSIS

Sobotta - Atlas of Human Anatomy The perfect coach for exam preparation This English-language Sobotta Atlas with English nomenclature is specifically adapted to the needs of preclinical medical students. The new study concept simplifies learning-understanding-training: Descriptive legends help the student identify the most important features in the figures. Clinical examples present anatomical details in a wider context. All illustrations have been optimized, and the lettering reduced to a minimum. An additional booklet containing 100 tables on muscles and nerves supports systematic study.

SOBOTTA ATLAS OF HUMAN ANATOMY PACKAGE 15TH ED. ENGLISH MUSCULOSKELETAL SYSTEM INTERNAL ORGANS HEAD NECK
